Education

Far Eastern University Alabang ***Alabang, Muntinlupa City***

Bachelor of Science in Computer Science with specialization in Software Engineering Expected 2027

- Relevant Coursework: Software Engineering, Programming, Algorithms, Artificial Intelligence
- Thesis: "Artifact: A Gamified Augmented Reality System Utilizing Homography, Orb, and RANSAC for Image Identification at the National Museum of Fine Arts"

Academic and Personal Experience

Artifact - Gamified Augmented Reality System / Undergraduate Thesis Project **2025-2026**

- Planned the system structure and user workflow for a web-based augmented reality system designed to identify paintings at the National Museum of Fine Arts.
- Designed the user interface and user experience, including screen layouts, navigation flow, and interaction concepts.
- Created interface concepts and user-flow designs to support intuitive navigation through the museum's augmented reality experience.

TwoTickets - Two-person movie tracking platform inspired by Letterboxd / Personal Project **2026**

- Built a web-app where couples log movies, rate and review them, and share a watchlist, using React, TypeScript, Tailwind CSS, and a Supabase backend.
- Implemented an invite-code pairing system limited to two people per couple, with rate limiting on code guesses, and enforced rules in the database.

Murphy OS - My interactive macOS-inspired digital portfolio / Personal Project **2026**

- Designed and built a macOS-inspired interactive portfolio that showcases my projects, education, skills and certifications as apps in a simulated desktop environment.
- Developed a custom window manager with draggable, minimizable, maximizable and focus-aware windows, plus a dock, status bar and right-click menu, using React and TypeScript.

Awards & Certifications

- Certiport IT Specialist - Java **November 2024**
- Certificate of Excellence - Innovate & Transform Shaping the Future Through Design Thinking **March 2025**
- Certiport IT Specialist - Python **June 2025**
- Cisco Networking Academy - Networking Specialist **July 2026**

Skills & Interests

Technical Skills: HTML, CSS, JavaScript, Python, Java, SQL, SAP S/4 HANA, React, Typescript, Supabase, Microsoft Suite, AI-Assisted Development
General Skills: Video Production & Editing, Graphic Design, UI/UX
Soft Skills: Communication, Collaboration, Adaptability, Problem-Solving, Willingness to learn
Hobbies & Interests: Game Development, Web Development, Video Editing, Culinary Arts
