Education

Far Eastern University Alabang ***Alabang, Muntinlupa City***

Bachelor's of Science in Computer Science with specialization in Software Engineering Expected 2027

- Relevant Coursework: Software Engineering, Programming, Algorithms, Artificial Intelligence
- Thesis: "Artifact: A Gamified Augmented Reality System Utilizing Homography, Orb, and RANSAC for Image Identification at the National Museum of Fine Arts"

Philippine Christian University ***Dasmarinas, Cavite***

Major in Science, Technology, Engineering, Mathematics Graduated 2023

- Graduated With Honors

Academic and Personal Experience

Artifact - Gamified Augmented Reality System / Undergraduate Thesis Project

- Worked on a web-based Augmented Reality system designed to identify paintings at the National Museum of Fine Arts
- Contributed to system planning, interface design, user experience, and the front-end development of the system.

TwoTickets - Two-person movie tracking platform inspired by Letterboxd / Personal Project

- Built a web-app where couples log movies, rate and review them, and share a watchlist, using React, TypeScript, Tailwind CSS, and a Supabase backend.
- Implemented an invite-code pairing system limited to two people per couple, with rate limiting on code guesses, and enforced rules in the database.

Murphy OS - My interactive macOS-inspired digital portfolio / Personal Project

- Designed and built a macOS-inspired interactive portfolio that showcases my projects, education, skills and certifications as apps in a simulated desktop environment.
- Developed a custom window manager with draggable, minimizable, maximizable and focus-aware windows, plus a dock, status bar and right-click menu, using React and TypeScript.

Awards & Certifications

- Certiport IT Specialist - Java November 2024
- Certificate of Excellence - Innovate & Transform Shaping the Future Through Design Thinking March 2025
- Certiport IT Specialist - Python June 2025
- Cisco Netacad - Networking Specialist July 2026

Skills & Interest

Technical Skills: HTML, CSS, JavaScript, Python, Java, SQL, SAP S/4 HANA, Microsoft Suite, AI-Assisted Development
General Skills: Video Production & Editing, Graphic Design, UI/UX
Soft Skills: Optimistic, Adaptability, Hard-Working, Modest, Communication, Team Collaboration
Hobbies & Interests: Game Development, Web Development, Video Editing, Culinary Arts
